Assessors.

Welcome to Education Elephant

Trusted By **Schools, Psychologists & Teachers** Around The World

We believe it is essential that all students have access to educational assessments, which provide teachers, schools and parents with information about their progress in learning. Moreover, these assessments should be quick to administer, accurate in assessing and supporting students' necessary application arrangements and should be nothing less than the gold standard.

We are an educational psychology publishing company that aims to help educators meet this need in a nurturing and thoughtful way that maximises each student's learning potential. We offer world-class educational assessments, testing resources, expert professional development services, and seminars, all created, designed, and sourced by highly experienced psychologists. And we are always available if you need us.

Our assessments, tests & courses are handpicked and created by psychologists and relevant experts.

Our specialist courses are built with you and your students in mind.

Our care teams are there, ensuring you are supported, always.

Woodcock-Johnson IV: Tests of Achievement

(UK & Ireland Edition)

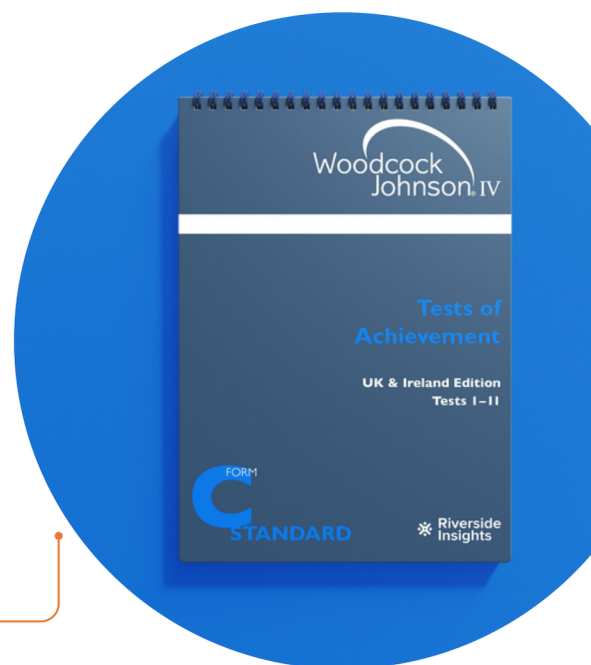

The Woodcock-Johnson IV Tests of Achievement (UK & Ireland Edition) assessment is a specialist toolbox **comprising 11 short tests** that teachers can pick and choose from. The WJIV test is a leader in educational assessment and enables teachers and examiners to understand students' core literacy and math skills deeply.

- ✓ Individual **diagnostic** assessment
 - ✓ Suitable for **all ages** (ages 3-90 years)
 - ✓ Reading, writing and maths tests all in **one place**
 - ✓ **Fast administration** times (5-10 minutes per test)
 - ✓ Detailed profile of **strengths and weaknesses**
 - ✓ Enables **targeted intervention** and support
 - ✓ Suitable for **progress tracking**
 - ✓ **Accommodations** – use as evidence for DARE/RACE schemes
- Approved by the **SASC**

All Woodcock-Johnson IV Tests are paper-based assessments with digital scoring and reporting tools

Online Training: Learn how to use, score and interpret your WJIV tests of achievement.

SPaRCS Test

The SPaRCS test is a standardised **group or individual** test for ages 13-18 years old that can be used in school to assess core areas of thinking quickly and learning and help identify students needing additional support/intervention and access arrangements.

The test has been carefully designed to suit the busy school day and can be administered by teachers in under 40 minutes. The test has been normed with the UK and Irish populations and demonstrates excellent reliability.

- ✓ **Speedy** – Administer the whole test in under 40 minutes
- ✓ **Proactive** – early identification of 'at risk' students
- ✓ **Access Arrangements** – use as evidence for 25% extra time, readers, and scribes
- ✓ **Reliable** – standardised on over 2000 pupils across the UK & Ireland
- ✓ **Cost-effective** – Affordable whole-school test
- ✓ **Standardised** – provides you with standard scores, percentiles & confidence intervals.

What do you need?

- Level of Education/Training Required

The SPaRCS test consists of three primary subtests.

- ✓ **A Spelling test -10 minutes**
- ✓ **A Visual Processing Speed Test - 2 minutes**
- ✓ **A Reading Comprehension Speed/Fluency Test -10 minutes**

***The SPaRCS Test contains validity 'cheating' indicators to alert teachers when students' scores may not reflect their actual ability.

SPaRCS Full Kit: (Includes examiner Manual, Student Response Booklets (Pack of 25)

£350.00

SPaRCS Additional Student Response Booklets: (Pack of 25)

£115.00

*Prices are excluding VAT & subject to change

Standardised testing is now quicker than ever. Using SWIFT, schools can quickly identify strengths and weaknesses, determine a student's need for Access Arrangements, and generate instant reports. SWIFT streamlines the time-consuming testing process so that teachers can spend less time testing and more time supporting!

In a world where teachers are burdened with endless test scoring and paperwork, **SWIFT** does the admin for you!

Woodcock-Johnson IV: Tests of Oral Language

A comprehensive suite of tests assesses different aspects of **receptive and expressive language skills** in primary and secondary age and adults. The tests include picture & oral vocabulary, sentence construction, and rapid naming tasks. Highly suitable for generating language profiles, diagnosing difficulties and planning interventions and support.

- ✓ Allows for the evaluation of **strengths and weaknesses** among oral language abilities of a complete assessment of specific learning disabilities, including dyslexia
- ✓ Provides a unique comparison of **oral language comprehension**—in English, for comparison to levels of academic achievement
- ✓ Compares **achievement levels to oral language ability** for a complete picture of the child's skills

All Woodcock-Johnson IV Tests are paper-based assessments with digital scoring and reporting tools

i What do you need?

Woodcock-Johnson IV: Tests of Cognitive Abilities

The Woodcock-Johnson IV Tests of Cognitive Abilities are a comprehensive battery of standardised assessments designed to evaluate a wide range of cognitive abilities in individuals of all ages (2-90 years).

The tests measure verbal and nonverbal abilities, including memory, reasoning, phonological awareness and problem-solving skills. They are often used to assess cognitive strengths and weaknesses, identify learning disabilities, and monitor progress in educational or therapeutic settings. They are considered reliable and valid measures of cognitive abilities and are widely used in both academic and clinical settings.

- ✓ Suitable for **all ages** (ages 3-90 years)
- ✓ **Fast administration** times (5-10 minutes per test)
- ✓ Detailed profile of **strengths and weaknesses**
- ✓ Enables **targeted intervention** and support
- ✓ Suitable for **progress tracking**
- ✓ Approved by **SASC**

All Woodcock-Johnson IV Tests are paper-based assessments with digital scoring and reporting tools

WIIP: WJ IV Interpretation and Instructional Interventions Program™

Spend less time writing reports, and more time facilitating intervention and program planning. The WJ IV Interpretation and Instructional Interventions Program™ (WIIP®) **personalises interventions and accommodations** based on WJ IV and ECAD results. The WIIP is an ideal report-writing tool for anyone that is using the WJIV Tests of Achievement.

Comprehensive Report Writing with the WIIP®

- Using the WIIP enables assessors to access parent questionnaires; self or learner questionnaires; teacher questionnaires; behaviour checklists; and dyslexia checklists. Data from each of these questionnaires can be collected, collated and used by the WIIP to generate a written report for the assessor.
- The WIIP will quickly generate data analysis of all scores input into the program and create a written description of performance on each test and cluster.
- The WIIP contains a bank of over 1000 evidence-based interventions. In real-time, it can generate a personalised learning and intervention plan for a learner based on the scores input for their cognitive and/or achievement profile, saving you hours of report writing time.
- Reports can be generated in WORD, PDF or web pages.

Dyslexia Report Writing with the WIIP®

- Using the WIIP enables the assessor to generate dyslexia profile reports for clients.
- Reports can be generated in WORD, PDF or web pages.

Certificate of Competence in Educational Testing (CCET)

CCET is a professional development program to provide individuals with the knowledge and skills necessary to design, develop, and administer educational assessments.

The program covers various topics, including test development, item writing, test administration, and scoring. Participants in the CCET program will gain an understanding of the principles of educational testing and the practical skills required to create and implement effective assessments. The course comprises five modules covering specific topics related to testing and assessment, including academic attainment and intelligence testing.

Verified by the British Psychological Society

- ✓ You will become a **Qualified Test User** with an internationally recognised Test Use and Interpretation Certificate.
- ✓ You will have access to **high-level intelligence and attainment tests** (CL2R status code), e.g. WIAT III-T, Conners Rating Scales, WJ IV, WRIT,
- ✓ You will be eligible for **BPS Register of Qualifications** in Test Use (RQTU) membership.

- 12 Months of Unlimited Access

Level 7 Educational Testing and Access Arrangements Certificate (ETAAC)

The ETAAC is a professional qualification in specialist educational testing and access arrangements suitable for post-primary teachers across the UK looking to qualify as a JCQ access arrangements assessor. The ETAAC qualification is a UK Level 7 equivalent course accredited by OCN Credit4Learning. It's a combination of our two most popular courses:

- **Certificate of Competence in Educational Testing (CCET)** – British Psychological Society (BPS) verified
- **Access Arrangements Training (AAT)**

- The ETAAC course has been designed and is taught by **highly experienced practitioners and expert Educational Psychologists**. It guides and develops the learner's knowledge and skills in specialist assessment, testing and access arrangements.

- 12 Months of Unlimited Access

A young boy with brown hair is shown from the chest up, sitting at a desk. He has his hands pressed against his ears and his mouth is wide open in a scream or cry, indicating distress or frustration. On the desk to his left is a pink pencil holder filled with various colored pencils. Above the boy, there are two overlapping labels: a green one on the left that says 'PRO' and an orange one on the right that says 'CORE' in white capital letters. The background is a plain, light-colored wall.
