

KNOWLEDGE NETWORK

School Subscription Package

About Knowledge Network

Our school subscription is more than just a checkbox for mandatory training; it's a valuable bank of knowledge material to support your growing demands in the classroom. In addition, our professional development package is designed to help your team of educators maintain and enhance their knowledge, skills, and competence.

Whether it's test and assessment training or special education topics like ADHD, Dyslexia, Maths, Literacy and parent support, our subscription has your school covered. With easy access to all our online courses, you can learn at your own pace and in the comfort of your own space.
