“

I cannot endorse the Level 7 ETAAC course enough! The structure of the modular learning, the use of succinct videos and the wealth of resources all combine to make this such a wonderful learning experience. Having a personal tutor to discuss the content with was so beneficial to my feeling of confidence, especially embarking on topics I have never studied before. Thank you for making a challenge a joy!

I have just completed the ETAAC course with Education Elephant and I can't recommend it highly enough. The online training is excellent, with clear and informative videos. A course handbook is also provided which is an excellent source of information. I also really like the self-paced learning the course allows. It means that study and assignments can be done at a time that suits the learner. The course tutors are also great. They provide valuable support and feedback throughout.
